## CAREER SUMMARY

### Senior Software Developer

Hellofresh | April 2021 to present

Toronto, Canada

- Developing backend features to expand tax collections from 1m+ orders in a day across additional business units which reduces the pay from pocket of taxes.

### Software Developer

Door2Door | November 2019 to March 2021

Berlin, Germany

- I worked with the mobility intelligence team to build a tool for planning, running and optimizing a multimodal transport system for major cities including Berlin, Munich and Münster. This provided various options for thousands of residents of those cities to move about with a minimum cost.

### Senior Full Stack Developer

Comfort Works | December 2018 to Nov. 2019

Kuala Lumpur, Malaysia

- Developed backend (ecommerce checkout, payment and order management) and frontend (user interactions)

### Lead & Senior Software Developer

Callens Solutions Ltd. | August 2017 to Nov. 2018

Accra, Ghana

- Conducted interviews, hire, train and mentor new software developers
- Led in designing, development and implementation of ecommerce and CRM systems

### Software Engineer

Hubtel | June 2016 to April 2017

Accra, Ghana

- Designed, developed and enhanced a number of industry-leading technology solutions

### Consultant & Software Engineer

Grameen Foundation | June 2014 to May 2016

Accra, Ghana

- Developed the MOTECH platform and it's APIs
- Designed and developed web and mobile applications for the Noyawa Project

### Software Engineer

Corenett Limited | October 2012 to June 2014

Accra, Ghana

- Developed USSD, Java and HTML5 Web Apps
- Application Server Administration, Kannel(SMS) Server Management & Configurations
